

**Workshop discussions Stockholm meeting 27 January 2011**

**Questions**

- 1) How should the network continue after the end of the programme?
- 2) Which area/s should it focus on?

The group was divided into four smaller groups and discussions were held during 40 minutes. Below follows a summary of the main points sprung out of the discussions.

- Engage in study visits to each other to keep sharing knowledge
- Pinpoint common interests
- Discuss and start common projects
- Find financing instruments
- Engage in knowledge sharing activities within the group
- Create a common communication platform, for instance a Facebook group
- Create an Information Exchange Centre with a common information bank which is coordinated by Nordregio and Leontief Centre
- Make case studies with real companies
- Student exchanges
- Engage experts in information sharing activities to enhance the knowledge within the network
